**Clarification regarding 15 days Specialised training under
project Stimulate**

Dear Students,

The Institute is receiving a number of queries relating to the non-activation of 15 days ROC training on the stimulate portal.

In this regard, it is intimated that 15 days ROC training is the last phase of training which has dependency on completion of previous training such as EDP, PDP, 15 days Academic Programme (as applicable) and completion of Practical Training. Unless, the previous training are updated on the portal you will not be able to apply for 15 days specialised training.

The Institute has already created a provision for uploading previous training documents/certificates with an undertaking.

The students who are not able to apply for any kind of training need to upload their previous training documents/certificate on stimulate portal so as to enable you for applying the next level of training. The link for uploading the previous certificates which were completed prior to introduction of stimulate project is <https://stimulate.icsi.edu>

The tab for 15 days specialized training shall be automatically activated with completion of previous training.

Dte. of Training
